

Our **Contemporary Worship Service** meets in the sanctuary at 8:30 a.m. The service is informal and lasts approximately 45 minutes. Most who attend dress casually. The music is led by a contemporary ensemble accompanied by keyboard, drums and guitars. The song and hymn lyrics are projected on a video screen.

On the first Sunday of each month, our contemporary worshippers and our traditional worshippers meet together for one combined worship service at 10:45 am. We call that service our **Togetherness Service**. In this service we combine the best elements of both worship traditions.

During the month of December, the Contemporary Worship participants join with the

Traditional Service at 10:45 for a **"Togetherness Service."** There is no Contemporary Worship service this month.
